

Hello Patrons of the Riverside Market,

We are excited to announce that the Riverside Farmers' Market will begin June 17th, 2020. This year will be an "In & Out" style market and will strictly adhere to all safety and health guidelines issued by Illinois Farmers' Market Association, Public Health Officials, CDC, and our Village Health Inspector. An "In & Out" market implies that a limited amount of people will be able to enter the market for a limited amount of time. Please see the RFM customer guidelines in the attached image. Our goal is to provide RFM vendors an opportunity to sell their amazing product to RFM patrons in the safest manner. In order to accomplish that, we will be missing some pieces that contributed to a social and engaging market such as music, the community visitors, and open/prepared food. We will continue to monitor safety guidelines and communicate any updates that are made. The RFM page on the village website is the best resource for updates on pre ordering as the information becomes available. These steps were made with the support and advisement of the Riverside Farmers' Market Committee. We would not have the successful market without the guidance and hard work of our committee. Stay safe, be well, and thank you for your continued support of the market. We are all in this together.

ANNIE HANRAHAN
